### Wickline Casting Programs

Doylestown Township Parks and Recreation is excited to partner with Wickline Casting this Winter & Spring to offer some exciting new programs for your creative young "stars!" Wickline Casting, which is based in Philadelphia, has over 10,000 credits in commercials, Academy Award winning films, and television. The below programs were designed by casting director, Kathy Wickline, CSA. Aside from her success as a casting director, Kathy has a commitment to sharing film making with children through after school programming and summer camps. For more info please visit [www.wicklinecasting.com](http://www.wicklinecasting.com).

#### Intro to TV & Film: Acting & Film Making

This after school program is a version of Wickline Casting's popular summer camps. In this program, kids are introduced to various creative projects such as commercials, film scenes, music videos, public service announcements and many more! Each day children work as cast and crew teams. They learn basic levels of speaking for camera and live presentation as well as acting, directing and operating the camera. Some script writing, story boarding and improvisation will also be introduced. Your child will learn how to shine in front of the camera or learn how to make it happen "behind the scenes." Our instructors are professional actors and directors with impressive credits. We are excited about showing young people the art of Film & Television!

### Casting Call: Acting for the Camera

This after school program is a version of Wickline Casting's popular summer camps and is designed for the aspiring young "stars" in your household. It is here that they will learn real auditioning skills by working with scripts for commercials and film scenes. Your child will learn how to characterize and follow direction, block for camera and read with their "co-stars." Improvisation and ad-libbing (off the script) will be taught as a basis of creating characters and trusting instincts. Acting on camera camp parents report that it builds confidence, strengthens team work and integrates creative choices.

### Across the Ages

#### Basic Drawing

Drawing isn't only for Picasso, but for everyone! Basic drawing is the basis of all art forms. In this course, new artists will explore the basics, including composition, perspective, shading and scale. We will learn how to draw from what you see rather than from what you know. Different drawing mediums will be introduced, allowing the artist to choose which one best fits their style. Two and three dimensional drawing will be practiced with different drawing exercises. New artists are welcome to bring their own supplies, but they will also be provided by the instructor. By the end of the class, students will either have started or finished their very first still life.

This three-week program will introduce you to the art with more simple pieces, and then allow you to try more difficult pieces as you go.

### Zentangle

The Zentangle Method was created by Rick Roberts and Maria Thomas. As described in their book, "The Book of Zentangles," the method is easy to learn and easy to do. It enables you to easily access your intuition and develop your creativity. It enables you to deliberately relax, change your perspective, and focus your attention. Zentangle relieves stress, supports healthy group dynamics, inspires new ideas and beautiful creations, allows you to deliberately shift your thoughts without trying, and much, much more. We create lines and other shapes to form tangles. I teach with compassion and in a non-judgemental environment encouraging you to bring out your inner creativity!

Please join one of my three part workshops so I can teach you several tangles. We will incorporate them in a pre-designed template. When done, it will be suitable for framing to show off your beautiful artwork.

Supplies will be provided, however those interested may purchase a kit for \$15.

## Trip Testimonials

"Our overall evaluation of the Arizona trip was a resounding A. To start out, logistically everything, including the preliminary information flow, the logistics of getting to and from Arizona, accommodations, and the daily coordination of events as well as the selection of events was outstanding." - Roger O. (Great Trains & Grand Canyons)

"Our daily travels included frequent [breaks], refreshment and photo stops, and it seemed that our arrival timing was always spot-on at the major attractions so we didn't have to deal with huge crowds, and could sight-see and shop at a comfortable pace." - Steve T. (Treasures of Ireland)

## Teen Leash & Greet Class

My Pack Leash Walk and dog training class combined! You will be walking with me and other handlers and social dogs in "The Pack." A Pack Walk provides excellent physical and mental exercise for your dog as well as healthy interaction with other dogs. This is an ALL outside walking and training class. Learn new exercises to improve your dog's leash walking skills as we power walk through the park. This class is a great option for the active teenage dog! Or, if your dog is excitable around other dogs, needs exercise, constantly stops on their walks or simply enjoys walking. We will teach them to walk (and stay!) on one side of you, walk in a straight line, walk at a steady pace and walk with their head up in the air (rather than trying to eat everything off the ground!). We will also practice appropriate meet & greet skills with new people and dogs. For dogs that are 6 months and older and social with other dogs.

COMMUNITY PARKS & RECREATION

explore local parks

Being well, having fun, and strengthening our communities are some of the ways that local parks and recreation enhance our lives. To find a local park, nearby park or explore other parks across Pennsylvania visit <http://goodforpa.com>.

## Have you been to the Sensory Trail?

Located near the New Britain side of Central Park, the Sensory Trail is the result of a community effort and inclusive vision. Thanks to partial funding from the Pennsylvania Department of Economic Development, Foundations Community Partnership, Doylestown Lions Club and the Village Improvement Association of Doylestown, the Sensory Trail was dedicated in October of 2016. It meanders through the woods in a peaceful, natural environment and offers 9 stations, or "pods," that provide activity to those with sensory limitations and disabilities. Groups are welcome to visit the trail!
